## Feature Business of the Week

Since 2001, the Cannery Brewing Company has been making people happy, by brewing great beer in the Cannery Trade Centre. This micro-brewery produces 6 individually crafted ales and lagers of unmistakable complexity and balance. All Cannery Brewing beers are created with carefully selected ingredients, including the finest hops, malted barleys, and yeast strains. These beers are all natural, preservative-free, and unpasteurized, ensuring a fresh, crisp taste every time.

Cannery Brewing beers come in 650ml bottles, and with the installation of a new canning line in 2006, they now produce Anarchist Amber Ale and Naramata Nut Brown Ale in 355ml cans.

If you are having a party or a gathering of friends, check out their Party Pigs, which provide 8.5 Litres of your favourite brew!

Cannery Brewing recently re-launched their website – [www.CanneryBrewing.com](http://www.CanneryBrewing.com). In addition to the latest Cannery Brewing news, this website is your official beer lover's resource. With lists of upcoming events like beer festivals and beer related links and resources, this website will become a favourite for every beer lover. It also features a photo gallery and a cool new photo contest.

Drop in and see co-owners Terry Schoffer (the Brew Master), Patt and Ron Dyck, and the rest of the knowledgeable staff, for a beer tasting, to arrange a tour, or to purchase your favourite beer. While you're there, check out their retail store which features all kinds of unique beer gear.
